Remarks

Fig. 3 of the drawings is amended to add a virtual image that is labeled with reference number 202', as supported by the specification on page 4, lines 15-18. The element that had been labeled with reference number 202' is now labeled with reference number 214, which corresponds to the "exit pupil" of the lens 212, as supported by the ray tracing in Fig. 3 associated therewith.

Fig. 4 of the drawings is amended to add a virtual image that is labeled with reference number 318, as supported by the specification on page 8, lines 2-6. The element that had been labeled with reference number 318 is now labeled with reference number 317, which corresponds to the "exit pupil" of the re-imaging lens 316, as supported by the ray tracing in Fig. 4 associated therewith.

Applicant submits that no new matter has been added by this Amendment.

Respectfully Submitted,
